**Present:** Scott Daniels, Bob Murdock, Teresa Koshmeder, & Gory Weiss  
**Secretary's Report / Minutes:** Minutes not available to be emailed.  
**Treasurer's Report:** Unavailable

---

**Baseball Update - Commissioner Scott Daniels**

- Scott indicated he may be recommending the club purchase another pitching machine after sign ups not to exceed \$1000.00 but contingent upon the club having more than 5 teams signed up for machine pitch.
- Baseball registration price was increased by \$5.00 across the board to offset potential loss of mulch sale fundraiser. Scott once again made his opposition to the mulch sale clear and indicated he would no longer be coordinating the mulch sale. Given this, he suspected the mulch sale would likely go away and recommended \$5.00 increase to offset this loss.
- Coaches Code of conduct – Scott presented detailed code of conduct that all baseball coaches will need to sign and adhere to in order to participate in the HVLAC baseball program.
- **Important Dates** – Sign-ups (at HVL POA) January 22nd (9am-12), 29th (9am-12) and 31st (6pm-9pm)

---

**Soccer Update - Commissioner Jim Bojack**

**National SAY** – AGM Meeting to be held at Belterra in February 2011, SISAY to host. More info should be available at next SISAY meeting. Group will like to see a mass email sent via the Soccer Blue Sombrero system to the HVL soccer parents & coaches promoting event. There may also be a need for parent volunteers since this is being hosted by the SAY Aea that HVLAC soccer is a member of.

**SISAY** – Next meeting Thursday Jan 13<sup>th</sup> 7pm at the Aurora Firehouse.

**HVLAC Soccer –**

- No soccer program updates, Soccer Commissioner not in attendance.
- Survey feedback – General discussion around surveys and results.
- Soccer rules for “in house” program(s) – Discussion around rules and regulations that were followed in the previous season and how to deal with this in the future. Those in attendance felt rules and regulations need to be defined and voted by the HVLAC board prior to the start of the next season. The general feeling was that since our program feeds into SAY/SISAY the HVLAC rules should follow the same rules and regulations. This will allow for a better transition to the next level of organized soccer for all involved.
